Subject index*

A

- Abdominal circumference, sonographic: Dynamic versus static imaging (Weiner et al.), 953
- Abortion(s), first-trimester, prophylactic antibiotics in: Clinical, controlled trial (Sonne-Holm et al.), 693
- induced, study on effects of, on subsequent pregnancy outcome (Madore et al.), 516
- midtrimester, preferred method of: Dilatation and evacuation (Cadesky, Ravinsky, and Lyons), 329
- Absorption, systemic, of vaginally and orally administered estrogens, comparison between degree of, at different dose levels in postmenopausal women (Deutsch, Ossowski, and Benjamin), 967 (Comm. in brief)
- Acetonuria, maternal, and low pregnancy weight gain, effects of, on children's psychomotor development (Naeye and Chez), 189
- Acidosis, intrapartum fetal metabolic, prediction of, by fetal heart rate monitoring (Low et al.), 299
- Adenocarcinoma cells, endometrial, modulation of protein expression in, by in vitro exposure to estradiol and progesterone (O'Brien et al.), 67
- of cervix. I. Clinical evaluation and pathologic features (Shingleton et al.), 799
- in one horn and atypical endometrial hyperplasia in other, uterus didelphys unicollis with: Case report (Eichner and Simak), 222 (Comm. in brief)
- Adenomas, untreated prolactin-secreting pituitary, longitudinal evaluation of patients with (March et al.), 835
- Adhesions, intrauterine, detected hysteroscopically, significance of, in eumenorrheic infertile women and role of antecedent curettage in their formation (Taylor, Cumming, and Hill), 239
- Adolescent health care and role of obstetrician-gynecologist, analysis of (Davidson), 845
- menorrhagia, acute (Claessens and Cowell), 277
- Adrenal responses to prostaglandin E₂ in newborn lambs (Carson and Challis), 359
- steroidogenesis, prolactin and, lack of relationship between, in ovine fetus (Takahashi et al.), 427
- Adrenergic, beta-, receptors, ontogenesis of, in ovine placenta (Padbury et al.), 459
- blockade, effect of, on dynamics of pregnant primate uterus (*Macaca mulatta*) (Harbert and Spisso), 767
- innervation of uterine vasculature in human term pregnancy (Zuspan et al.), 678
- Adrenocorticotropin, maternal plasma, and cortisol relationships throughout human pregnancy (Carr et al.), 416
- Age assessment, gestational. I. Analysis of individual clinical observations (Andersen et al.), 173
- estimated, of staged human embryos and early fetuses (Moore, Hutchins, and O'Rahilly), 500
- gestational, assessment of, in second trimester by real-time ultrasound measurement of femur length (O'Brien, Queenan, and Campbell), 540
- 34 to 35 weeks' gestational, effects of synthetic glucocorticoid administration on human fetal breathing movements at (Patrick et al.), 324
- women 35 years of, and older, utilization of prenatal genetic diagnosis in, in United States, 1977 to 1978 (Adams et al.), 673
- Agglutinating, sperm-, antibodies, circulating, postcoital testing in relation to, in women (Friborg), 587
- "Aging" pigments in term human placenta (Parmley, Gupta, and Walker), 760
- Alameda County, California, 1960 to 1974, relationship of cervical cytology to incidence of invasive cervical cancer and mortality in (Dunn and Schweitzer), 868
- Alanine concentration and uptake, fetal, effect of endogenous insulin release on (Philipps, Dubin, and Raye), 22
- Ambulation versus oxytocin for labor enhancement, randomized trial of: Preliminary report (Read, Miller, and Paul), 669

- Amenorrhea-galactorrhea associated with hypothalamic hypothyroidism (Check and Adelson), 736 (Comm. in brief)
- American Association of Obstetricians and Gynecologists and American Gynecological Society, transactions, first combined annual meeting, 745-864
- Gynecological Society, The American Association of Obstetricians and Gynecologists and, first combined annual meeting, 745-864
- Amniocentesis, sonographic demonstration of uterine contraction during (Finberg and Frigoletto), 740 (Comm. in brief)
- Amniotic fluid C-peptide as index for intrauterine fetal growth (Lin et al.), 390
- compartment, increase in catecholamines and metabolites in, from middle to late gestation (Divers et al.), 483
- human, catecholamines in (Phillippe and Ryan), 204
- human, phosphoenolpyruvate carboxykinase activity in (Raghunathan and Foster), 939
- isolation of cytomegalovirus from, during third trimester (Yambao et al.), 937
- pregnancy urine and, detection in: Protein-binding radioassay for 6 β -hydroxycortisol (Bowler-Wong, Hay, and Lorscheider), 243
- prolactin levels and lecithin/sphingomyelin ratios during third trimester of human gestation (Hatjis, Wu, and Gabbe), 435
- 10,000 \times g pellet, phosphatidylglycerol determination on, in prediction of fetal lung maturity (Bent et al.), 259
- volume determination, qualitative, by ultrasound: Antepartum detection of intrauterine growth retardation (Manning, Hill, and Platt), 254
- Anastomosis, tubal, comparison of microsurgical and gross surgical techniques for: Reversal of female sterilization (Henderson), 73
- Androgen metabolism, prolactin-stimulated ovarian (Polan and Behrman), 487
- Antepartum detection of intrauterine growth retardation: Qualitative amniotic fluid volume determination by ultrasound (Manning, Hill, and Platt), 254
- fetal heart rate testing. VII. Significance of fetal bradycardia (Druzin et al.), 194
- ultrasonographic diagnosis of conjoined twins in early pregnancy (Schmidt, Heberling, and Kubli), 961 (Comm. in brief)
- Antibiotics, prophylactic, in first-trimester abortions: Clinical, controlled trial (Sonne-Holm et al.), 693
- Antibodies, circulating sperm-agglutinating, postcoital testing in relation to, in women (Friborg), 587
- Aortic node metastasis, biopsy-confirmed, from cervical carcinoma, five-year survival (with no evidence of disease) in patients with (Piver, Barlow, and Krishnamsetty), 575
- occlusion, partial, pregnancy associated with (Socol, Conn, and Frederiksen), 965 (Comm. in brief)
- Applicator for Hulka fallopian tube clip (Renou), 665
- Asia, possible cause of high incidence in: Rh-D factor in trophoblastic tumors (Tomoda et al.), 742 (Comm. in brief)
- Aspiration cytology, fine-needle, in management of gynecologic cancer (Belinson et al.), 148
- Assay, biologic, for endogenous estrogen, corticosteroid-binding globulin as, in patients with and without endometrial carcinoma (Wilson, Jawad, and Donaldson), 661

B

- Bacterial contamination of cervix and premature rupture of membranes (Creatas et al.), 522
- Bacteriuria, bladder versus renal, during pregnancy: Recurrence after treatment (Leveno et al.), 403
- Basal cell pseudopodia in cervical intraepithelial neoplasia: progressive reduction of number with severity: Morphometric quantification (Twiggs, Clark, and Okagaki), 640
- Behavioral state of newborn infants during first hour of life, observations on (Saigal et al.), 715

- Beta-adrenergic receptors, ontogenesis of, in ovine placenta (Padbury et al.), 459
- hemolytic streptococci, group B, and puerperal infections (Faro), 686
- I glycoprotein, pregnancy-specific, placental protein 5 and human chorionic gonadotropin (specific placental proteins), circulating concentrations of, in untreated gestational trophoblastic tumors (Lee et al.), 702
- use of rapid radioimmunoassay for, in gynecologic emergencies: Comparison with routine urinary pregnancy test and rapid radioimmunoassay for human chorionic gonadotropin (Siiteri et al.), 968 (Comm. in brief)
- Binding, corticosteroid-, globulin as biologic assay for endogenous estrogen in patients with and without endometrial carcinoma (Wilson, Jawad, and Donaldson), 661
- protein-, radioassay for 6 β -hydroxycortisol: Detection in pregnancy urine and amniotic fluid (Bowler-Wong, Hay, and Lorscheider), 243
- sites, gonadotropin, presence of, in intracellular organelles of human ovaries (Rao et al.), 655
- Biopsy-confirmed aortic node metastasis from cervical carcinoma, five-year survival (with no evidence of disease) in patients with (Piver, Barlow, and Krishnamsetty), 575
- Biosynthesis and metabolism of prostaglandins in human fetal membranes and uterine decidua, XII. Initiation of human parturition (Okazaki et al.), 373
- Birth rate, monthly, in Pennsylvania, seasonality of: Implications for health care planning (Kenny and Ritter), 737 (Comm. in brief)
- weight, gestation, and fetal growth curve (Wilcox), 863 (Clinical opinion)
- low, infants of, neonatal significance of selected perinatal events among, I. Overall results (Perkins), 546
- and x-ray pelvimetry, predictability of labor outcome from comparison of (Jagani et al.), 507
- Bladder and urethral function, effect of Wertheim hysterectomy upon (Low, Manger, and Carmichael), 826
- versus renal bacteriuria during pregnancy: Recurrence after treatment (Leveno et al.), 403

- Blood complement activity, maternal and cord: Relationship to premature rupture of membranes (Levy and Arquembourg), 38
- concentrations, uterine and peripheral, of human chorionic gonadotropin and human placental lactogen (Gusdon and Sain), 705
- cord, of infants of normal and diabetic mothers, minor (glycosylated) hemoglobins in (Fadel et al.), 397
- flow, estrogen-induced uterine, corticosteroid suppression of, in nonpregnant sheep (Monheit and Resnik), 454
- fetal lamb regional cerebral, patterns of, during and after prolonged hypoxia: Studies during posthypoxic recovery period (Ashwal, Majcher, and Longo), 365
- group, maternal, and colonization with group B streptococcus (Iams and Sprague), 922
- maternal, fetal cord blood, and placental tissues, comparison of mercury levels in (Kuhnert, Kuhnert, and Erhard), 209
- Body water turnover, neonatal: Putative index of perinatal morbidity (MacLennan et al.), 948
- Books received, 238, 744
- Bradycardia, fetal, significance of, VII. Antepartum fetal heart rate testing (Druzin et al.), 194
- Breast-feeding, prostacyclin, thromboxane, and prostaglandin F_{2 α} in maternal plasma during (Ylikorkala and Viinikka), 690
- Breathing activity, fetal, effect of catecholamine on, in rhesus monkeys (Murata et al.), 942
- movements, human fetal, effects of synthetic glucocorticoid administration on, at 34 to 35 weeks' gestational age (Patrick et al.), 324
- British Columbia, molar pregnancy in: Estimated incidence and post-evacuation regression patterns of beta subunit of human chorionic gonadotropin (Ho Yuen and Cannon), 316
- Calcitonin, prolactin, estradiol, 25-hydroxyvitamin D, 24,25-dihydroxyvitamin D, 1,25-dihydroxyvitamin D, and parathyroid hormone: Control of mineral homeostasis during lactation (Hillman et al.), 471

- oral contraceptive use, and sexual activity (Swan and Brown), 52
- of cervix: Attempt to individualize treatment (Zander et al.), 752
- endometrial, corticosteroid-binding globulin as biologic assay for endogenous estrogen in patients with and without (Wilson, Jawad, and Donaldson), 661
- ovarian, intestinal operations in patients with (Castaldo et al.), 80
- squamous cell, of vagina following hysterectomy (Stuart, Allen, and Anderson), 311
- Cardiovascular complications associated with terbutaline treatment for preterm labor (Katz, Robertson, and Creasy), 605 (Current developments)
- disease, premenopausal hysterectomy and (Centerwall), 58
- Catecholamine(s), effect of, on fetal breathing activity in rhesus monkeys (Murata et al.), 942
- in human amniotic fluid (Phillippe and Ryan), 204
- and metabolites, increase in, in amniotic fluid compartment from middle to late gestation (Divers et al.), 483
- response, fetal and maternal, to insulin-induced hypoglycemia in rat (Phillippe and Kitzmiller), 407
- Catheter, Swan-Ganz, and its application in gynecologic patient (Helmkamp et al.), 628
- Cell(s) carcinoma, squamous, of vagina following hysterectomy (Stuart, Allen, and Anderson), 311
- crisis, sickle, during pregnancy in patient with hemoglobin SD disease (Thornton and Cerami), 739 (Comm. in brief)
- endometrial adenocarcinoma, modulation of protein expression in, by in vitro exposure to estradiol and progesterone (O'Brien et al.), 67
- progesterone-induced smooth muscle-like, in subperitoneal nodules produced by estrogen (Fujii et al.), 164
- pseudopodia, basal, in cervical intraepithelial neoplasia; progressive reduction of number with severity: Morphometric quantification (Twiggs, Clark, and Okagaki), 640
- Cerebral blood flow, fetal lamb regional, patterns of, during and after prolonged hypoxia: Studies during posthypoxic recovery period (Ashwal, Majcher, and Longo), 365
- Cervical cancer detection, new method for: Cervicography (Staff), 815
- carcinoma, biopsy-confirmed aortic node metastasis from, five-year survival (with no evidence of disease) in patients with (Piver, Barlow, and Krishnamsetty), 575
- oral contraceptive use, and sexual activity (Swan and Brown), 52
- cytology, relationship of, to incidence of invasive cervical cancer and mortality in Alameda County, California, 1960 to 1974 (Dunn and Schweitzer), 868
- flora, puerperal febrile complications and, following elective manual exploration of uterus (Berger, Gillieson, and Walters), 320
- intraepithelial neoplasia, basal cell pseudopodia in: progressive reduction of number with severity: Morphometric quantification (Twiggs, Clark, and Okagaki), 640
- carbon dioxide laser in: Five-year experience in treating 230 patients (Masterson et al.), 565
- cryosurgical treatment of, with follow-up of five to eight years (Hemmingsson, Stendahl, and Stensón), 144

C

- C-peptide, amniotic fluid, as index for intrauterine fetal growth (Lin et al.), 390

Cervical—Cont'd

- neoplasia, significance of atypical vessels and neovascularization in (Sillman, Boyce, and Fruchter), 154
- /vaginal secretions, effect of, on measurements of lecithin/sphingomyelin ratio and optical density at 650 nm (Sbarra et al.), 214
- Cervicography: New method for cervical cancer detection (Staff), 815
- Cervix, adenocarcinoma of. I. Clinical evaluation and pathologic features (Shingleton et al.), 799
- bacterial contamination of, and premature rupture of membranes (Creasas et al.), 522
- carcinoma of: Attempt to individualize treatment (Zander et al.), 752
- Cesarean childbirth, NIH Consensus Development Task Force statement on, 902
- section, elective repeat, evaluation of, as standard of care: Application of decision analysis (Shy, LoGerfo, and Karp), 123 (Clinical opinion)
- maternal death after, in Georgia (Rubin et al.), 681
- risk factors associated with infection following (Hawrylyshyn, Bernstein, and Papsin), 294
- technique to facilitate delivery of high-floating head at (Warenski), 625 (Clinical opinion)
- Chemotherapeutic agents and radionucleotides, low-density lipoprotein as potential vehicle for, in management of gynecologic neoplasms (Gal et al.), 877
- Chemotherapy, transformation of endodermal sinus tumor to dysgerminoma following (Deppe et al.), 970 (Comm. in brief)
- Childbirth, cesarean, NIH Consensus Development Task Force statement on, 902
- Childhood malignancy, ovarian failure in long-term survivors of (Stillman et al.), 62
- Children's psychomotor development, effects of maternal acetonuria and low pregnancy weight gain on (Naeye and Chez), 189
- Chlorpromazine stimulation of prolactin, effect of cyproheptadine on, in women (Board and Fierro), 160
- Chorionic gonadotropin, human, estimated incidence and postevacuation regression patterns of beta subunit of: Molar pregnancy in British Columbia (Ho Yuen and Cannon), 316
- and human placental lactogen, uterine and peripheral blood concentrations of (Gusdon and Sain), 705
- luteinizing hormone/ receptors, corpus luteum, and cyclic nucleotides, effect of estradiol and prostaglandin $F_{2\alpha}$ on, in rhesus monkey: Mechanism of luteolysis (Sotrel et al.), 134
- pregnancy-specific beta-1 glycoprotein, and placental protein 5 (specific placental proteins), circulating concentrations of, in untreated gestational trophoblastic tumors (Lee et al.), 702
- rapid radioimmunoassay for, routine urinary pregnancy test and, comparison with: Use of rapid radioimmunoassay for pregnancy-specific beta-1 glycoprotein in gynecologic emergencies (Siiteri et al.), 968 (Comm. in brief)
- Circulating concentrations of specific placental proteins (human chorionic gonadotropin, pregnancy-specific beta-1 glycoprotein, and placental protein 5) in untreated gestational trophoblastic tumors (Lee et al.), 702
- Circumference, sonographic abdominal: Dynamic versus static imaging (Weiner et al.), 953
- Cis-dichlorodiammineplatinum (II), metabolism of: Distribution, clearance, and toxicity (Lagasse et al.), 791
- Clinical opinion, 123-129, 625-627, 863-867
- Clip, Hulka fallopian tube, applicator for (Renou), 665
- College students, women, sexually transmitted conditions among (McCormack et al.), 130
- Colonization, group B streptococcus, natural history of, and its therapy during pregnancy (Lewin and Amstey), 512
- with group B streptococcus, maternal blood group and (Iams and Sprague), 922
- Communications in brief, 105-113, 217-225, 735-743, 959-974
- Complement activity, maternal and cord blood: Relationship to premature rupture of membranes (Levy and Arquebourg), 38
- Compounds, novel, demonstration of, in human fetal tissues and consideration of their possible role in parturition (Pearson Murphy), 353
- Congenital absence of vagina, management of (Bryans), 281
- Conjoined twins, antepartum ultrasonographic diagnosis of, in early pregnancy (Schmidt, Heberling, and Kubli), 961 (Comm. in brief)
- Conjugated (un-) plasma estriol in prolonged gestation, VII. Estriol in pregnancy (Gauthier, Griego, and Goebelsmann), 382
- Consensus Development Task Force statement, NIH, on cesarean childbirth, 902
- introduction to process of (Rosen), 901
- Contraceptive(s), still useful for clinical trials of: Pearl Pregnancy Index reexamined (Shelton and Taylor), 592
- use, oral, sexual activity, and cervical carcinoma (Swan and Brown), 52
- Contraction stress test, positive, nonreactive nonstress test and, pregnancy outcome in patient with (Slomka and Phelan), 11
- uterine, sonographic demonstration of, during amniocentesis (Finberg and Frigoletto), 740 (Comm. in brief)

- 365, intrauterine fetal transfusion in, during fifteen years (Frigoletto et al.), 781
- Fitz-Hugh-Curtis syndrome, culture-proved (Kornfeld and Worthington), 106 (Comm. in brief)
- Floating, high-, head, technique to facilitate delivery of, at cesarean section (Warenski), 625 (Clinical opinion)
- Flora, cervical, puerperal febrile complications and, following elective manual exploration of uterus (Berger, Gillieson, and Walters), 320
- Flushes, menopausal vasomotor, objective evidence that placebo and oral medroxyprogesterone acetate therapy diminish (Albrecht et al.), 631
- Follicle-stimulating hormone, progesterone, estradiol-17 β , and luteinizing hormone, plasma, temporal relationships between ovulation and defined changes in concentration of. II. Histologic dating (World Health Organization Task Force on Methods for Determination of Fertile Period), 886

G

- Galactorrhea, amenorrhea-, associated with hypothalamic hypothyroidism (Check and Adelson), 736 (Comm. in brief)
- Gastrointestinal hemorrhage in puerperium of pre-eclamptic patients who received glucocorticoid therapy (Semchyshyn), 217 (Comm. in brief)
- Genetic diagnosis, prenatal, in women 35 years of age and older, utilization of, in United States, 1977 to 1978 (Adams et al.), 673
- Genital tract, female, paravestibular tumor of (Fowler, Lawrence, and Edelman), 109 (Comm. in brief)
- Gentamicin dosage requirements, increased: Rapid elimination in 249 gynecology patients (Zaske et al.), 896
- Georgia, maternal death after cesarean section in (Rubin et al.), 681
- Gestation, birth weight, and fetal growth curve (Wilcox), 863 (Clinical opinion)
- human, amniotic fluid prolactin levels and lecithin/sphingomyelin ratios during third trimester of (Hatjis, Wu, and Gabbe), 435
- late, increase in catecholamines and metabolites in amniotic fluid compartment from middle to (Divers et al.), 483
- prolonged, unconjugated plasma estriol in. VII. Estriol in pregnancy (Gauthier, Griego, and Goebelsmann), 382
- 34 to 35 weeks', loss of diurnal rhythm in plasma estrone, estradiol, and estriol in women treated with synthetic glucocorticoids at (Challis et al.), 338
- Gestational age assessment. I. Analysis of individual clinical observations (Andersen et al.), 173
- of, in second trimester by real-time ultrasound measurement of femur length (O'Brien, Queenan, and Campbell), 540
- 34 to 35 weeks', effects of synthetic glucocorticoid administration on human fetal breathing movements at (Patrick et al.), 324
- trophoblastic tumors, untreated, circulating concentrations of specific placental proteins (human chorionic gonadotropin, pregnancy-specific beta-1 glycoprotein, and placental protein 5) in (Lee et al.), 702
- Globulin, corticosteroid-binding, as biologic assay for endogenous estrogen in patients with and without endometrial carcinoma (Wilson, Jawad, and Donaldson), 661
- Glucocorticoid(s) administration, synthetic, effects of, on human fetal breathing movements at 34 to 35 weeks' gestational age (Patrick et al.), 324
- hyperinsulinemia, and fetal lung maturation (Beck et al.), 465
- synthetic, loss of diurnal rhythm in plasma estrone, estradiol, and estriol in women treated with, at 34 to 35 weeks' gestation (Challis et al.), 338

Glucocorticoid—Cont'd

- therapy, gastrointestinal hemorrhage in puerperium of pre-eclamptic patients who received (Semchyshyn), 217 (Comm. in brief)
- Glucose tolerance test as means of identifying intrauterine growth retardation (Khouzami et al.), 423
- Glycoprotein, pregnancy-specific beta-1, placental protein 5, and human chorionic gonadotropin (specific placental proteins), circulating concentrations of, in untreated gestational trophoblastic tumors (Lee et al.), 702
 - use of rapid radioimmunoassay for, in gynecologic emergencies: Comparison with routine urinary pregnancy test and rapid radioimmunoassay for human chorionic gonadotropin (Siiteri et al.), 968 (Comm. in brief)
- Glycosylated (minor) hemoglobins in cord blood of infants of normal and diabetic mothers (Fadel et al.), 397
- Gonadotropin binding sites, presence of, in intracellular organelles of human ovaries (Rao et al.), 655
 - human chorionic, estimated incidence and postevacuation regression patterns of beta subunit of: Molar pregnancy in British Columbia (Ho Yuen and Cannon), 316
 - and human placental lactogen, uterine and peripheral blood concentrations of (Gusdon and Sain), 705
 - luteinizing hormone/ receptors, corpus luteum, and cyclic nucleotides, effect of estradiol and prostaglandin $F_{2\alpha}$ on, in rhesus monkey: Mechanism of luteolysis (Sotrel et al.), 134
 - pregnancy-specific beta-1 glycoprotein, and placental protein 5 (specific placental proteins), circulating concentrations of, in untreated gestational trophoblastic tumors (Lee et al.), 702
 - rapid radioimmunoassay for, routine urinary pregnancy test and, comparison with: Use of rapid radioimmunoassay for pregnancy-specific beta-1 glycoprotein in gynecologic emergencies (Siiteri et al.), 968 (Comm. in brief)
- Gonococcal peritonitis following uterine manipulation at laparoscopy (Goodnough, O'Shaughnessy, and Shoff), 218 (Comm. in brief)
- Growth curve, fetal, birth weight, and gestation (Wilcox), 863 (Clinical opinion)
 - intrauterine fetal, amniotic fluid C-peptide as index for (Lin et al.), 390
 - retardation, intrauterine, antepartum detection of: Qualitative amniotic fluid volume determination by ultrasound (Manning, Hill, and Platt), 254
 - glucose tolerance test as means of identifying (Khouzami et al.), 423
- Gynecologic cancer, fine-needle aspiration cytology in management of (Belinson et al.), 148
 - emergencies, use of rapid radioimmunoassay for pregnancy-specific beta-1 glycoprotein in: Comparison with routine urinary pregnancy test and rapid radioimmunoassay for human chorionic gonadotropin (Siiteri et al.), 968 (Comm. in brief)
 - infections, obstetric and, moxalactam for (Cunningham et al.), 915
 - neoplasms, low-density lipoprotein as potential vehicle for chemotherapeutic agents and radionucleotides in management of (Gal et al.), 877
 - patient, Swan-Ganz catheter and its application in (Helmkamp et al.), 638
- Gynecologist, obstetrician-, analysis of adolescent health care and role of (Davidson), 845
- Gynecology, complications associated with carbon dioxide laser surgery in (Baggish), 568
 - patients, 249, rapid elimination in: Increased gentamicin dosage requirements (Zaske et al.), 896

H

- Head, high-floating, technique to facilitate delivery of, at cesarean section (Warenski), 625 (Clinical opinion)
- Health care, adolescent, and role of obstetrician-gynecologist, analysis of (Davidson), 845
 - planning, implications for: Seasonality of monthly birth rate in Pennsylvania (Kenny and Ritter), 737 (Comm. in brief)
 - status, fetal-newborn, maternal psychological and physiologic correlates of (Lederman et al.), 956
- Heart disease, maternal, pregnancy complicated by, at National Maternity Hospital, Dublin, Ireland, 1969 to 1978 (Sugrue, Blake, and MacDonald), 1

Heart—Cont'd

- rate, fetal, during intrapartum period, effect of maternal, labor, and fetal factors upon (Low et al.), 306

- nonreactive nonstress, and positive contraction stress test, pregnancy outcome in patient with (Slomka and Phelan), 11
- nonstress: Review of 3,000 tests (Phelan), 7
- routine urinary pregnancy, and rapid radioimmunoassay for human chorionic gonadotropin, comparison with: Use of rapid radioimmunoassay for pregnancy-specific beta-1 glycoprotein in gynecologic emergencies (Siteri et al.), 968 (Comm. in brief)
- Testing, antepartum fetal heart rate. VII. Significance of fetal bradycardia (Druzin et al.), 194
- postcoital, in relation to circulating sperm-agglutinating antibodies in women (Friberg), 587
- Thromboxane, prostaglandin F_{2 α} , and prostacyclin in maternal plasma during breast-feeding (Ylikorkala and Viinikka), 690
- Thyroid-stimulating hormone, cyclic variation in, in fetal rhesus monkey (Socol et al.), 712
- Tissues, human fetal, demonstration of novel compounds in, and consideration of their possible role in parturition (Pearson Murphy), 353
- placental, maternal blood, and fetal cord blood, comparison of mercury levels in (Kuhnert, Kuhnert, and Erhard), 209
- Toxemia, simplified technique to produce, in pregnant dog (Abitbol), 526
- Toxicity, distribution, and clearance: Metabolism of cis-dichlorodiammineplatinum (II) (Lagasse et al.), 791
- fetal, of nitroprusside in pregnant ewe (Naulty, Cefalo, and Lewis), 708
- Transactions, first combined annual meeting, The American Association of Obstetricians and Gynecologists and American Gynecological Society, 745-864
- thirty-sixth annual meeting, Society of Obstetricians and Gynaecologists of Canada, 239-363
- Transfusion, intrauterine fetal, in 365 fetuses during fifteen years (Frigoletto et al.), 781
- Transvaginal retropubic urethropepy (Quigley and "ng), 268
- Trimester, first-, abortions, prophylactic antibiotics in: Clinical, controlled trial (Sonne-Holm et al.), 693
- second, assessment of gestational age in, by real-time ultrasound measurement of femur length (O'Brien, Queenan, and Campbell), 540
- third, of human gestation, amniotic fluid prolactin levels and lecithin/sphingomyelin ratios during (Hatjis, Wu, and Gabbe), 435
- isolation of cytomegalovirus from amniotic fluid during (Yambao et al.), 937
- Trisomy 18, unsuspected: Case for examination protocol in stillborn infants (Cassidy, Benedetti, and Sybert), 221 (Comm. in brief)
- Trophoblastic tumors, Rh-D factor in: Possible cause of high incidence in Asia (Tomoda et al.), 742 (Comm. in brief)
- untreated gestational, circulating concentrations of specific placental proteins (human chorionic gonadotropin, pregnancy-specific beta-1 glycoprotein, and placental protein 5) in (Lee et al.), 702
- Tubal anastomosis, comparison of microsurgical and gross surgical techniques for: Reversal of female sterilization (Henderson), 73
- Tumor(s), endodermal sinus, transformation of, to dysgerminoma following chemotherapy (Deppe et al.), 970 (Comm. in brief)
- paravestibular, of female genital tract (Fowler, Lawrence, and Edelman), 109 (Comm. in brief)
- trophoblastic, Rh-D factor in: Possible cause of high incidence in Asia (Tomoda et al.), 742 (Comm. in brief)
- untreated gestational trophoblastic, circulating concentrations of specific placental proteins (human chorionic gonadotropin, pregnancy-specific beta-1 glycoprotein, and placental protein 5) in (Lee et al.), 702

Twins, conjoined, antepartum ultrasonographic diagnosis of, in early pregnancy (Schmidt, Heberling, and Kubli), 961 (Comm. in brief)

U

- Ultrasonic observation of mechanism of human ovulation (de Crespigny, O'Herlihy, and Robinson), 636
- Ultrasonographic appearance, in utero, of Klippel-Trenaunay-Weber syndrome (Hatjis et al.), 972 (Comm. in brief)
- diagnosis, antepartum, of conjoined twins in early pregnancy (Schmidt, Heberling, and Kubli), 961 (Comm. in brief)
- evaluation of large cystic pelvic masses (Rosenberg and Trought), 579
- Ultrasound, B-mode, pulsed Doppler and, fetal umbilical venous flow measured in utero by. I. Normal pregnancies (Gill et al.), 720
- measurement, real-time, of femur length, assessment of gestational age in second trimester by (O'Brien, Queenan, and Campbell), 540
- qualitative amniotic fluid volume determination by: Antepartum detection of intrauterine growth retardation (Manning, Hill, and Platt), 254
- Umbilical venous flow, fetal, measured in utero by pulsed Doppler and B-mode ultrasound. I. Normal pregnancies (Gill et al.), 720
- Unicollis, uterus didelphys, with adenocarcinoma in one horn and atypical endometrial hyperplasia in other: Case report (Eichner and Simak), 222 (Comm. in brief)
- Unipolar electrocoagulating devices, deaths associated with laparoscopic sterilization by, 1978 and 1979 (Peterson et al.), 141
- United States, utilization of prenatal genetic diagnosis in women 35 years of age and older in, 1977 to 1978 (Adams et al.), 673
- Ureteral obstruction, postradiation: Reappraisal (Muram et al.), 289
- Urethral function, bladder and, effect of Wertheim hysterectomy upon (Low, Mauger, and Carmichael), 826
- Urethropy, transvaginal retropubic (Quigley and King), 268
- Urinary pregnancy test, routine, and rapid radioimmunoassay for human chorionic gonadotropin, comparison with: Use of rapid radioimmunoassay for pregnancy-specific beta-1 glycoprotein in gynecologic emergencies (Siiteri et al.), 968 (Comm. in brief)
- Urine, maternal, of pregnancies complicated by prematurity, 6 β -hydroxycortisol levels in (Cumming, Love, and Lorscheider), 250
- pregnancy, and amniotic fluid, detection in: Protein-binding radioassay for 6 β -hydroxycortisol (Bowler-Wong, Hay, and Lorscheider), 243
- Urodynamic studies in female patients with multiple sclerosis (Beck, Warren, and Whitman), 273
- Uterine blood flow, estrogen-induced, corticosteroid suppression of, in nonpregnant sheep (Monheit and Resnik), 454
- contraction, sonographic demonstration of, during amniocentesis (Finberg and Frigoletto), 740 (Comm. in brief)
- decidua, human fetal membranes and, biosynthesis and metabolism of prostaglandins in, XII. Initiation of human parturition (Okazaki et al.), 373
- manipulation at laparoscopy, gonococcal peritonitis following (Goodnough, O'Shaughnessy, and Shoff), 218 (Comm. in brief)
- perforation during sterilization by laparoscopy and minilaparotomy (Chi and Feldblum), 735 (Comm. in brief)
- and peripheral blood concentrations of human chorionic gonadotropin and human placental lactogen (Gusdon and Sain), 705
- vasculature, adrenergic innervation of, in human term pregnancy (Zuspan et al.), 678
- effects of vasoactive polypeptides on (Clark et al.), 182

- Utero, fetal umbilical venous flow measured in, by pulsed Doppler and B-mode ultrasound. I. Normal pregnancies (Gill et al.), 720
- ultrasonographic appearance in, of Klippel-Trenaunay-Weber syndrome (Hatjis et al.), 972 (Comm. in brief)
- Uterus didelphys unicollis with adenocarcinoma in one horn and atypical endometrial hyperplasia in other: Case report (Eichner and Simak), 222 (Comm. in brief)
- (*Macaca mulatta*), pregnant primate, effect of adrenergic blockade on dynamics of (Harbert and Spisso), 767
- puerperal febrile complications and cervical flora following elective manual exploration of (Berger, Gillieson, and Walters), 320

V

- Vagina, management of congenital absence of (Bryans), 281
- primary malignant melanoma of: Clinical, light and electron microscopic observations (Berman, Tobon, and Surti), 963 (Comm. in brief)
- solitary paraganglioma of—Report of case (Pezeshkpour), 219 (Comm. in brief)
- squamous cell carcinoma, following hysterectomy (Stuart, Allen, and Anderson), 311
- Vaginal, cervical, secretions, effect of, on measurements of lecithin/sphingomyelin ratio and optical density at 650 nm (Sbarra et al.), 214
- Vaginally and orally administered estrogens, comparison between degree of systemic absorption of, at different dose levels in postmenopausal women (Deutsch, Ossowski, and Benjamin), 967 (Comm. in brief)
- Vasculature, uterine, adrenergic innervation of, in human term pregnancy (Zuspan et al.), 678
- effects of vasoactive polypeptides on (Clark et al.), 182
- Vasoactive polypeptides, effects of, on uterine vasculature (Clark et al.), 182
- Vasomotor flushes, menopausal, objective evidence that placebo and oral medroxyprogesterone acetate therapy diminish (Albrecht et al.), 631
- Vehicle, potential, for chemotherapeutic agents and radionucleotides, low-density lipoprotein as, in management of gynecologic neoplasms (Gal et al.), 877
- Venous flow, fetal umbilical, measured in utero by pulsed Doppler and B-mode ultrasound. I. Normal pregnancies (Gill et al.), 720
- Vessels, atypical, and neovascularization, significance of, in cervical neoplasia (Sillman, Boyce, and Fruchter), 154
- Volume, pressure-, relationships, lecithin/sphingomyelin ratio and, effects of hexoprenaline on, in fetal rabbits (Lipshitz et al.), 726

W

- Water turnover, neonatal body: Putative index of perinatal morbidity (MacLennan et al.), 948
- Weight, birth, gestation, and fetal growth curve (Wilcox), 863 (Clinical opinion)
- and x-ray pelvimetry, predictability of labor outcome from comparison of (Jagani et al.), 507
- gain, low pregnancy, maternal acetonuria and, effects of, on children's psychomotor development (Naeye and Chez), 189
- low birth, infants of, neonatal significance of selected perinatal events among. I. Overall results (Perkins), 546
- Wertheim hysterectomy, effect of, upon bladder and urethral function (Low, Mauger, and Carmichael), 826

X

- X-ray pelvimetry, birth weight and, predictability of labor outcome from comparison of (Jagani et al.), 507

and hyperparathyroid crisis (Clark, Seeds, and Cefalo), 840 (Comm. in brief)
late normal, diurnal profiles of plasma glucose, insulin, free fatty acids, triglycerides, cholesterol, and individual amino acids in. XVII. Carbohydrate metabolism in pregnancy (Phelps, Metzger, and Freinkel), 730
normal, maternal, cardiovascular and metabolic responses in. I. Exercise in pregnancy (Artal et al.), 123

Pregnancy (pregnancies)—Cont'd

- outcome and maternal health, effects on: A/NJ/8/76 influenza vaccination program (Deinard and Ogburn), 240
- in women exposed to diethylstilbestrol in utero (Sandberg et al.), 194
- plasma carnitine in (Bargen-Lockner, Hahn, and Wittmann), 412
- postdate: utilization of contraction stress testing for primary fetal surveillance (Freeman et al.), 128
- postterm, false reactive nonstress tests in (Miyazaki and Miyazaki), 269
- and puerperium, comparative urodynamic studies of continent and stress incontinent women in (Iosif and Ulmsten), 645
- scuba diving during: brief review (Newhall), 893
- in sheep, multiple hyperbaric exposures during (Nemiroff, Willson, and Kirschbaum), 651
- streptococcal infections in (Gibbs and Blanco), 405
- vena caval filter placement during (Barnes et al.), 707 (Comm. in brief)
- Pregnant diabetic patient, psychiatric risk factors in (Barglow et al.), 46
- ewes, cervical compliance in, effect of prostaglandin E_2 on (Stys et al.), 415
- rabbit(s), effects of hydroxyurea on hemodynamics of: maternally mediated mechanism of embryotoxicity (Millicovsky et al.), 747
- rabbit, uterine blood flow distribution after indomethacin infusion in (Katz and Creasy), 430
- Premature labor, amniotic fluid infection as determined by transabdominal amniocentesis in patients with intact membranes in (Bobitt, Hayslip, and Damato), 947
- rupture of membranes, conservative management of (Varner and Galask), 39
- preterm, management of: assessing amniotic fluid in vagina for phosphatidylglycerol (Stedman et al.), 34
- Prenatal diagnosis, late, potential indication for: high cesarean section rate in trisomy 18 births (Schneider, Mennuti, and Zackai), 367 (Clinical opinion)
- Pressure, increased abdominal, evidence refuting role for, in pathogenesis of heartburn associated with pregnancy (Van Thiel and Wald), 420
- Preterm premature rupture of membranes, management of: assessing amniotic fluid in vagina for phosphatidylglycerol (Stedman et al.), 34
- Primate, endotoxic shock in: effects of aspirin and dipyrindamole administration (Rao, Cavanagh, and Gaston), 914
- nonhuman, androgen uptake in female reproductive system of (Weaker and Sheridan), 624
- Profile(s), amniotic fluid lung maturity, comparison of, in paired vaginal and amniocentesis specimens (Dombroski, Mackenna, and Brame), 461
- scoring, fetal biophysical: prospective study in 1,184 high-risk patients (Manning et al.), 289
- Progesterone and estradiol receptors in estrogen-primed endometrium (Natrajan et al.), 387
- Prognosis, better, in patients with pancreatic function: pregnancy in cystic fibrosis (Corkey et al.), 737
- and clinical stage classification, histologic stromal reaction of host with gestational choriocarcinoma and its relation to (Ito et al.), 781
- Project, Forsyth County, report of: maternal serum alpha-fetoprotein screening (Gardner, Burton, and Johnson), 250
- Prolactin and immunoreactive endorphin peptides in umbilical vein and maternal blood (Kimball et al.), 157
- secreting pituitary adenomas in women. VI. Absence of demonstrable adenomas in patients with altered menstrual function and abnormal sellar polytomography (Nachtigall et al.), 303
- Prolapse, vaginal, enterocele, pelvic hernia: recognition and treatment (Ranney), 53
- vault, and enterocele, posthysterectomy (Symmonds et al.), 852
- Proliferations, atypical epithelial, in fallopian tube (Stern et al.), 309
- Proliferative responses, lymphocyte, to mitogens and antigens during human pregnancy, longitudinal analysis of (Gehrzt et al.), 665
- Prostaglandin(s) E_1 and E_2 , effects and interactions of, on human chorionic plate arteries (Kitson and Pipkin), 683
- E_2 , effect of, on cervical compliance in pregnant ewes (Stys et al.), 415
- vaginal, third-trimester uterine rupture associated with (Sawyer et al.), 710 (Comm. in brief)

Prostaglandin(s)—Cont'd

- inhibitors, primary dysmenorrhea treatment with: review (Dingfelder), 874
- Psychiatric risk factors in pregnant diabetic patient (Barglow et al.), 46
- Psychogenesis, recent studies and reconsideration of: sexual response after hysterectomy-oophorectomy (Zussman et al.), 725 (Clinical opinion)
- Puerperium and pregnancy, comparative urodynamic studies of continent and stress incontinent women in (Iosif and Ulmsten), 645

Q

- Quadruplegia, intrauterine, associated with breech presentation and hyperextension of fetal head: case report (Cattamanchi et al.), 831 (Comm. in brief)

R

- Radical hysterectomy, patterns of recurrence of carcinoma following (Figue and Tamimi), 213
- surgery in management of clear cell adenocarcinoma of cervix and vagina in young women (Hill and Galante), 221
- Rate, high cesarean section, in trisomy 18 births: potential indication for late prenatal diagnosis (Schneider, Mennuti, and Zackai), 367 (Clinical opinion)
- monitoring, intrapartum fetal heart. V. Fetal heart rate patterns in second stage of labor (Krebs, Petres, and Dunn), 435
- pattern(s), fetal heart, relationship of, to fetal transcutaneous PO_2 (Willcourt et al.), 760
- unusual fetal heart, associated with severe neonatal asphyxia and death (Serafini et al.), 715 (Comm. in brief)
- variability, fetal heart, and uterine activity, effect of magnesium sulfate on (Stallworth, Yeh, and Petrie), 702
- Ratio, lecithin/sphingomyelin, effect of corticosteroids on, in rhesus monkey (Socol et al.), 708 (Comm. in brief)
- Real-time ultrasonographic, maternal, and tocodynamometric assessment of fetal movement, comparison between (Sorokin et al.), 456
- ultrasound as adjunct in operative management of hydatidiform mole (Evers et al.), 469 (Comm. in brief)
- Receptor(s), androgen, in human placenta, evidence for (McCormick et al.), 8
- binding, estradiol, estrogenic and antiestrogenic effects of danazol administration in studies of (Musich, Behrman, and Menon), 62
- estradiol and progesterone, in estrogen-primed endometrium (Natrajan et al.), 387
- Reconstructive tubal surgery, ovum recovery and transfer at time of: rabbit model (McComb and Halbert), 348 (Comm. in brief)
- Recovery and transfer, ovum, at time of reconstructive tubal surgery: rabbit model (McComb and Halbert), 348 (Comm. in brief)
- Reformation (Evans), 1
- Reproductive system, female, of nonhuman primate, androgen uptake in (Weaker and Sheridan), 624
- Retardation, intrauterine growth, and oxytocin challenge test (Lin et al.), 282
- potentially useful predictor of: amniotic fluid phosphatidylglycerol (Gross et al.), 277
- Retention, placental, failure of lactogenesis associated with (Neifert, McDonough, and Neville), 477 (Comm. in brief)
- Retraining drills, bladder, use of, with and without anticholinergics: detrusor instability syndrome (Fantl, Hurt, and Dunn), 885
- Retropubic urethrocystopexy: vaginal approach (Powell), 91
- urethropexy, urodynamic effects of, in genuine stress incontinence (Bhatia and Ostergard), 936
- Rh immunoglobulin utilization after ectopic pregnancy (Grimes, Geary, and Hatcher), 246
- isoimmunization: 24 year experience at Duke University Medical Center (Gall and Miller), 902
- Risk(s) factors, psychiatric, in pregnant diabetic patient (Barglow et al.), 46
- incidence, and indications, changing, 15-year review of: cesarean section (Amirikia, Zarewch, and Evans), 81
- increased, for infants with low birth weight, antenatal prediction of women at (Gaziano, Freeman, and Allen), 99
- Rupture, delayed postpartum uterine, abdominopelvic abscess resulting from (Duff and Mayer), 711 (Comm. in brief)
- of membranes, preterm premature, management of: assessing amniotic fluid in vagina for phosphatidylglycerol (Stedman et al.), 34

Rupture—Cont'd

- premature, of membranes, conservative management of (Varner and Galask), 39
 - third-trimester uterine, associated with vaginal prostaglandin E₂ (Sawyer et al.), 710 (Comm. in brief)
- ## S
- Sacral colpopexy, life-threatening hemorrhage complicating (Sutton et al.), 836 (Comm. in brief)
 - San Francisco General Hospital nurse-midwifery practice: first thousand births (Mann), 676
 - Sarcoma, endometrial, case of extensive pelvic endometriosis terminating in (Crum et al.), 718 (Comm. in brief)
 - Score, Apgar, and electronic fetal monitoring, relationship between (Neutra, Greenland, and Friedman), 440
 - Scoring, fetal biophysical profile: prospective study in 1,184 high-risk patients (Manning et al.), 289
 - Screen, type and, efficacy of, to reduce unnecessary cross matches for obstetric patients (Ness et al.), 661
 - Scuba diving during pregnancy: brief review (Newhall), 893
 - Seat stool, bicycle, in treatment of vaginal agenesis and stenosis: preliminary report (Ingram), 867
 - Sellar polytomography, abnormal, and altered menstrual function, absence of demonstrable adenomas in patients with, VI. Prolactin-secreting pituitary adenomas in women (Nachtigall et al.), 303
 - Sensitivity, vascular angiotensin, decrease of, by L-dopa during human pregnancy (Kaulhausen et al.), 671
 - Serum alpha-fetoprotein screening, maternal: report of Forsyth County Project (Gardner, Burton, and Johnson), 250
 - free testosterone levels, daily and circadian variations in, are not clinically significant (Strickler et al.), 317
 - steroid levels in children at birth and in early neonatal period (Kojima, Yanaihara, and Nakayama), 961
 - total and free androgen levels, maternal, in early pregnancy, changes in: lack of correlation with fetal sex (Glass and Klein), 656
 - Services and counseling, genetic, in obstetrics and gynecology: implications for educational goals and clinical practice (Simpson et al.), 70
 - Sex, fetal, lack of correlation with: changes in maternal serum total and free androgen levels in early pregnancy (Glass and Klein), 656
 - Sexual development, delayed: study of 252 patients (Reindollar, Byrd, and McDonough), 371
 - response after hysterectomy-oophorectomy: recent studies and reconsideration of psychogenesis (Zussman et al.), 725 (Clinical opinion)
 - Shock, endotoxic, in primate: effects of aspirin and dipyridamole administration (Rao, Cavanagh, and Gaston), 914
 - Shoe size and obstetric outcome, correlation of: anthropometric study (Kennedy and Greenwald), 466 (Comm. in brief)
 - Size, shoe, and obstetric outcome, correlation of: anthropometric study (Kennedy and Greenwald), 466 (Comm. in brief)
 - Socioeconomic status and hormonal events in earlier life, effect of, on age at menopause (Ernstner and Petrakis), 471 (Comm. in brief)
 - South Atlantic Association of Obstetricians and Gynecologists, transactions, forty-third annual meeting, 847-930
 - Specimens, paired vaginal and amniocentesis, comparison of amniotic fluid lung maturity profiles in (Dombroski, Mackenna, and Brame), 461
 - Spermatozoa, human, interaction of, with cervical mucus in vivo (Hanson and Overstreet), 173
 - Spider bite, *Loxosceles reclusa*: consideration in differential diagnosis of chronic, nonmalignant ulcers of vulva (Magrina and Masterson), 341 (Comm. in brief)
 - Squamous cell carcinoma, human cervical, antigenicity and immunology of: review (McCoy and Haines), 329 (Current developments)
 - cervical intraepithelial neoplasia, effect of condom use on (Richardson and Lyon), 909
 - Stage classification, clinical, and prognosis, histologic stromal reaction of host with gestational choriocarcinoma and its relation to (Ito et al.), 781
 - second, of labor, fetal heart rate patterns in, V. Intrapartum fetal heart rate monitoring (Krebs, Petres, and Dunn), 435
 - Statistical tool: Apgar index (Jennett et al.), 206

- Stenosis and agenesis, vaginal, bicycle seat stool in treatment of: preliminary report (Ingram), 867
- Sterilization, tubal, impact of laparoscopy on, in United States hospitals, 1970 and 1975 to 1978 (Peterson et al.), 811
- Steroid levels, serum, in children at birth and in early neonatal period (Kojima, Yanaihara, and Nakayama), 961
- Stool, bicycle seat, in treatment of vaginal agenesis and stenosis: preliminary report (Ingram), 867
- Streptococcal infections in pregnancy (Gibbs and Blanco), 405
- Streptococci, group B, cyclic variation in adherence of, to human vaginal epithelial cells (Zawaneh et al.), 381
- Stress incontinence, genuine, urodynamic effects of retropubic urethropexy in (Bhatia and Ostergard), 936
- incontinent and continent women, comparative urodynamic studies of, in pregnancy and in puerperium (Iosif and Ulmsten), 645
- testing, contraction, utilization of, for primary fetal surveillance: postdate pregnancy (Freeman et al.), 128
- Stromal reaction, histologic, of host with gestational choriocarcinoma and its relation to clinical stage classification and prognosis (Ito et al.), 781
- Students, college, menstrual disorders in (Singh), 299
- Sudden infant death syndrome, rat model with implications for: maternal nicotine administration and fetal brain stem damage (Krous et al.), 743
- Surgery, radical, in management of clear cell adenocarcinoma of cervix and vagina in young women (Hill and Galante), 221
- reconstructive tubal, ovum recovery and transfer at time of: rabbit model (McComb and Halbert), 348 (Comm. in brief)
- Surgical approach to multifocal carcinoma in situ of vulva (De Saia and Rich), 136
- Surveillance, primary fetal, utilization of contraction stress testing for: postdate pregnancy (Freeman et al.), 128
- Syndrome, detrusor instability: use of bladder retraining drills with and without anticholinergics (Fantl, Hurt, and Dunn), 885
- sudden infant death, rat model with implications for: maternal nicotine administration and fetal brain stem damage (Krous et al.), 743

T

- Tension, fetal transcutaneous oxygen, distribution of observed patterns in (Rooth et al.), 693
- Test(s) evaluation, rapid nonstress (Sampson, Thomason, and Work), 467 (Comm. in brief)
- false reactive nonstress, in postterm pregnancies (Miyazaki and Miyazaki), 269
- nitrite, and microscopic urinalysis, efficacy of, in predicting urine culture results (Lenke and Van Dorsten), 427
- oxytocin challenge, and intrauterine growth retardation (Lin et al.), 282
- Testing, contraction stress, utilization of, for primary fetal surveillance: postdate pregnancy (Freeman et al.), 128
- Testosterone levels, serum free, daily and circadian variations in, are not clinically significant (Strickler et al.), 317
- Therapy, postmenopausal hormone replacement, with estrogen periodically supplemented with antiestrogen (Kauppila et al.), 787
- Thoracic endometriosis: review and report of two cases (Hibbard, Schumann, and Goldstein), 227
- Thromboxane B₂ and 6-keto-prostaglandin F_{1α}, peritoneal fluid, in endometriosis (Drake et al.), 401
- Tissue pH electrode, evaluation of, for fetal monitoring using fetal sheep as experimental model (Fusi et al.), 953
- Titers, antisperm antibody, and immunoglobulin E levels in infertile couples (Mathur et al.), 923
- Tocodynamometric, maternal, and real-time ultrasonographic assessments of fetal movement, comparison between (Sorokin et al.), 456
- Tomography, computed, antenatal evaluation of fetal hydrocephalus with (Patterson et al.), 344 (Comm. in brief)
- Transactions, forty-eighth annual meeting, Central Association of Obstetricians and Gynecologists, 1-116
- forty-seventh annual meeting, Pacific Coast Obstetrical and Gynecological Society, 117-232
- forty-third annual meeting, South Atlantic Association of Obstetricians and Gynecologists, 847-930
- Transcutaneous oxygen tension, fetal, distribution of observed patterns in (Rooth et al.), 693

- Transfer, placental, of methylprednisolone following maternal intravenous administration (Anderson, Rotchell, and Kaiser), 699
- and recovery, ovum, at time of reconstructive tubal surgery: rabbit model (McComb and Halbert), 348 (Comm. in brief)
- Triglycerides, plasma glucose, insulin, free fatty acids, cholesterol, and individual amino acids, diurnal profiles of, in late normal pregnancy, XVII. Carbohydrate metabolism in pregnancy (Phelps, Metzger, and Freinkel), 730
- Trisomy 18 births, high cesarean section rate in: potential indication for late prenatal diagnosis (Schneider, Mennuti, and Zakai), 367 (Clinical opinion)
- Trophoblastic neoplasia, gestational, improved monitoring of, using highly sensitive assay for urinary human chorionic gonadotropin (Wehmann et al.), 753
- Trophoblasts, human chorionic, decidual cells, and macrophages: histochemical and electron microscopic study (Nehemiah et al.), 261
- Tubal isolation, congenital: case report (Falk, Nemiro, and Rifka), 837 (Comm. in brief)
- sterilization, impact of laparoscopy on, in United States hospitals, 1970 and 1975 to 1978 (Peterson et al.), 811
- surgery, reconstructive, ovum recovery and transfer at time of: rabbit model (McComb and Halbert), 348 (Comm. in brief)
- Tube, fallopian, atypical epithelial proliferations in (Stern et al.), 309
- Twin, one monozygotic, intrauterine amputation in, associated with amniotic band: case report (Kancherla et al.), 347 (Comm. in brief)
- Type and screen, efficacy of, to reduce unnecessary cross matches for obstetric patients (Ness et al.), 661
- Ulcers, chronic nonmalignant, of vulva, consideration in differential diagnosis of: *Loxosceles reclusa* spider bite (Magrina and Masterson), 341 (Comm. in brief)
- Ultrasonographic, real-time, maternal, and tocodynamometric assessments of fetal movement, comparison between (Sorokin et al.), 456
- Ultrasonography, in utero diagnosis of umbilical cord hematoma by (Rubinsky et al.), 833 (Comm. in brief)
- Ultrasound, real-time, as adjunct in operative management of hydatidiform mole (Evers et al.), 469 (Comm. in brief)
- Umbilical cord hematoma, in utero diagnosis of, by ultrasonography (Rubinsky et al.), 833 (Comm. in brief)
- vein and maternal blood, immunoreactive endorphin peptides and prolactin in (Kimball et al.), 157
- United States hospitals, impact of laparoscopy on tubal sterilization in, 1970 and 1975 to 1978 (Peterson et al.), 811
- Uptake, androgen, in female reproductive system of nonhuman primate (Weaker and Sheridan), 624
- Ureters, urethra, and bladder, Paget's disease of vulva with extension into: case report (Lee and Dahlin), 834 (Comm. in brief)
- Urethra, bladder, and ureters, Paget's disease of vulva with extension into: case report (Lee and Dahlin), 834 (Comm. in brief)
- Urethrostomy, retropubic: vaginal approach (Powell), 91
- Urethropexy, retropubic, urodynamic effects of, in genuine stress incontinence (Bhatia and Ostergard), 936
- Urinalysis, microscopic, and nitrite test, efficacy of, in predicting urine culture results (Lenke and Van Dorsten), 427
- Urinary human chorionic gonadotropin, improved monitoring of gestational trophoblastic neoplasia using highly sensitive assay for (Wehmann et al.), 753
- Urine culture results, efficacy of nitrite test and microscopic urinalysis in predicting (Lenke and Van Dorsten), 427
- Urodynamic effects of retropubic urethropexy in genuine stress incontinence (Bhatia and Ostergard), 936
- studies, comparative, of continent and stress incontinent women in pregnancy and in puerperium (Iosif and Ulmsten), 645
- Uterine activity and fetal heart rate variability, effect of magnesium sulfate on (Stallworth, Yeh, and Petric), 702
- spontaneous, measurement of, in antenatal patient (Bell), 713 (Comm. in brief)
- Uterine—Cont'd
- bleeding, postmenopausal, colon cancer with (Coleman), 891
- blood flow distribution after indomethacin infusion in pregnant rabbit (Katz and Creasy), 430
- endocrine regulation of, in nonpregnant uterus: review (Resnik), 151
- rupture, delayed postpartum, abdominopelvic abscess resulting from (Duff and Mayer), 711 (Comm. in brief)
- third-trimester, associated with vaginal prostaglandin E₂ (Sawyer et al.), 710 (Comm. in brief)
- Uterus, nonpregnant, endocrine regulation of uterine blood flow in (Resnik), 151
- V
- Vaccination program, A/NJ/8/76 influenza: effects on maternal health and pregnancy outcome (Deinard and Ogburn), 240
- Vagina(s), amniotic fluid in, assessing, for phosphatidylglycerol: management of preterm premature rupture of membranes (Stedman et al.), 34
- and cervix, clear cell adenocarcinoma of, radical surgery in management of, in young women (Hill and Galante), 221
- of women with and without intrauterine contraceptive devices, actinomyces in (Curtis and Pine), 880
- Vaginal agenesis and stenosis, bicycle seat stool in treatment of: preliminary report (Ingram), 867
- and amniocentesis specimens, paired, comparison of amniotic fluid lung maturity profiles in (Dombroski, Mackenna, and Brame), 461
- approach: retropubic urethrostomy (Powell), 91
- epithelial cells, human, cyclic variation in adherence of group B streptococci to (Zawaneh et al.), 381
- lesion, bleeding, as presenting sign of hypernephroma (Deprez, Hunter, and Hopkins), 709 (Comm. in brief)
- prolapse, enterocele, pelvic hernia: recognition and treatment (Ranney), 53
- prostaglandin E₂, third-trimester uterine rupture associated with (Sawyer et al.), 710 (Comm. in brief)
- vault prolapse and enterocele, posthysterectomy (Symmonds et al.), 852
- Vascular angiotensin sensitivity, decrease of, by L-dopa during human pregnancy (Kaulhausen et al.), 671
- damage, experimental placental, fetal metabolic response to (Clapp et al.), 446
- Vault prolapse, vaginal, and enterocele, posthysterectomy (Symmonds et al.), 852
- Vein, umbilical, and maternal blood, immunoreactive endorphin peptides and prolactin in (Kimball et al.), 157
- Vena caval filter placement during pregnancy (Barnes et al.), 707 (Comm. in brief)
- Volunteer practicing physician, role of, in medical education (Fox), 117
- Vulva, chronic nonmalignant ulcers of, consideration in differential diagnosis of: *Loxosceles reclusa* spider bite (Magrina and Masterson), 341 (Comm. in brief)
- multifocal carcinoma in situ of, surgical approach to (Di Saia and Rich), 136
- Paget's disease of, with extension into urethra, bladder, and ureters: case report (Lee and Dahlin), 834 (Comm. in brief)
- Vulvar cancer, early, femoral node metastases with negative superficial inguinal nodes in (Chu, Tamimi, and Figge), 337 (Comm. in brief)
- condylomas and cervical dysplasia, immunoperoxidase localization of papillomavirus antigens in (Kurman et al.), 931
- W
- Weight, low birth, antenatal prediction of women at increased risk for infants with (Gaziano, Freeman, and Allen), 99
- infants (750 to 1,500 grams), outcome in: report of 164 cases managed at Children's Hospital, San Francisco, California (Peacock and Hirata), 165

Subject index*

A

- A/Port Chalmers/73 (H₃N₂), influenza, cord blood lymphocyte in vitro responses to influenza A antigens after epidemic of (Ruben and Thompson), 443
- Abortion(s), chronic habitual, in humans, major histocompatibility complex antigens, maternal and paternal immune responses, and (Beer et al.), 987
- coagulation factors in women using oral contraceptives or intrauterine contraceptive devices immediately after (Lalteenmaki et al.), 175
- curettage, death from amniotic fluid embolism and disseminated intravascular coagulation after (Cates et al.), 346
- induced, comparative risk of death from, at ≤ 12 weeks' gestation performed with local versus general anesthesia (Peterson et al.), 763
- Risk factor for placenta previa (Barrett, Boehm, and Killam), 769
- legally induced, fatal amniotic fluid embolism during, United States, 1972 to 1978 (Guidotti, Grimes, and Cates), 257
- Absorbance, amniotic fluid, at 650 nm: Comparison with fetal lung maturity characteristics (Khouzami et al.), 212
- Acceleration test, fetal (Bishop), 905
- Acetylcholine, effect of hypoxemia and acidemia on fetal cardiac response to: Experimental observations in fetal baboons (Yeh et al.), 682
- Acid base, serum electrolytes, and glucose homeostasis, effects of terbutaline on, during management of preterm labor (Cotton et al.), 617
- elution, improved method of, and its application in obstetric and pediatric immunohematology (Melvin et al.), 25
- Acidemia, hypoxemia and, effect of, on fetal cardiac response to acetylcholine: Experimental observations in fetal baboons (Yeh et al.), 682
- Acidosis, fetal metabolic, probability of, during labor in population at risk as determined by clinical factors (Low et al.), 941
- respiratory, acute hypoxemia and, effect of, on fetal heart rate in monkeys (Ikenoue et al.), 797
- Adenocarcinoma of uterine tube: Potential for lymph node metastases (Tamimi and Figge), 132
- Adenosine-3',5'-monophosphate level in human amnion, control of, by prostaglandin E₁ and isoproterenol (Kirkpatrick et al.), 195
- Adrenal neurosympathetic development, lung and, sex differences in, in rabbits (Padbury et al.), 199
- seminal-pituitary protein in variety of maternal and fetal compartments (Grudzinskas et al.), 425
- Adrenergic, beta-, and cholinergic receptors, responses of pelvic vascular bed to intra-arterial stimulation of, in pregnant and nonpregnant sheep (Erkkola et al.), 5
- Age, gestational, minor fetal hemoglobins in relation to (Fadel and Abraham), 704
- Agglutination, specific mixed, utilization of, in case of apparent fetomaternal hemorrhage (LaFerla, Butch, and Cooley), 581 (Comm. in brief)
- Alopecia, generalized: Unusual complication of danazol therapy (Duff and Mayer), 349 (Comm. in brief)
- Alpha fetoprotein determinations in management of endodermal sinus tumors and mixed germ cell tumors of ovary (Romero and Schwartz), 126
- measurement, human placental lactogen and, efficiency of, in twin pregnancy detection (Knight et al.), 585 (Comm. in brief)
- screening and diagnosis of fetal open neural tube defects: Need for quality control (Wald et al.), 1 (Clinical opinion)
- Amenorrhea, exercise-associated: Distinct entity (Schwartz et al.), 662
- American Association of Obstetricians and Gynecologists, American Gynecological Society and, second combined annual meeting, 857-1071
- Gynecological Society and American Association of Obstetricians and Gynecologists, transactions, second combined annual meeting, 857-1071
- Amniocentesis, amniotic band syndrome associated with (Moessinger et al.), 588 (Comm. in brief)
- Amnion, human, control of adenosine-3',5'-monophosphate level in, by prostaglandin E₁ and isoproterenol (Kirkpatrick et al.), 195
- Amniophoresis as adjunct to fetoscopy (Perry et al.), 17
- Amniotic band syndrome associated with amniocentesis (Moessinger et al.), 588 (Comm. in brief)
- fluid absorbance at 650 nm: Comparison with fetal lung maturity characteristics (Khouzami et al.), 212
- analysis, assessment of fetal maturity by: Retrospective and prospective study (Chow and Liu), 466 (Comm. in brief)
- C-peptide levels in pregnant diabetic women, prenatal assessment of fetal outcome by (Lin et al.), 671
- catecholamines and metabolites in intrauterine growth retardation (Divers et al.), 608
- embolism and disseminated intravascular coagulation, death from, after curettage abortion (Cates et al.), 346 (Comm. in brief)
- fatal, during legally induced abortion, United States, 1972 to 1978 (Guidotti, Grimes, and Cates), 257
- fetal lung fluid and, phospholipid composition of, during late gestation in sheep (Ikegami and Jobe), 227 (Comm. in brief)
- fluorescence polarization, relationship of, to neonatal lung function (Cavaliere et al.), 652
- human, γ -glutamyl transpeptidase of (Palekar et al.), 788
- maternal smoking and elevation of catecholamines and metabolites in (Divers et al.), 625
- phosphatidylglycerol in stressed pregnancies (Yambao et al.), 191
- prostacyclin and thromboxane in normal, preeclamptic, and some other complicated pregnancies (Ylikorkala, Mäkilä, and Viinikka), 487
- stability of phospholipids in (Schwartz et al.), 294
- Ampicillin, mezlocillin versus, prospective, randomized trial of, II. Antimicrobial therapy of postpartum endomyometritis (Sorrell et al.), 246
- Anaerobic bacteria, genital, comparative susceptibility of mezlocillin and other antibiotics to, I. Antimicrobial therapy of postpartum endomyometritis (Sorrell, Marshall, and Chow), 242
- Androstenedione, maternal plasma, placental clearance rate of, through placental estradiol formation: Indirect method of assessing uteroplacental blood flow (Edman et al.), 1029
- Anemia, rhesus hemolytic, dilation of fetal umbilical vein in: Predictor of severe disease (DeVore et al.), 464 (Comm. in brief)
- Anesthesia, epidural, effects of bupivacaine and chloroprocaine as local anesthetics for, on fetal heart rate monitoring parameters (Lavin et al.), 717
- general and peridural, effect of, on concentrations of prolactin and cortisol in maternal plasma (Ho Yuen et al.), 483
- local versus general, comparative risk of death from induced abortion at ≤ 12 weeks' gestation performed with (Peterson et al.), 763
- Anesthetics, local, for epidural anesthesia, effects of bupivacaine and chloroprocaine as, on fetal heart rate monitoring parameters (Lavin et al.), 717
- Angiotensin II, response of ovine uterine blood flow to: Effect on fetus (Bruce et al.), 495
- Antenatal dexamethasone administration, effect of, on prevention of respiratory distress syndrome (Collaborative Group on Antenatal Steroid Therapy), 276
- Antepartum fetal surveillance in diabetic pregnant patients (Jorge et al.), 641
- pyelonephritis, correlation of postpartum intravenous pyelograms with clinical localization of (Harris), 105 (Comm. in brief)
- Antibiotic(s), other, mezlocillin and, comparative susceptibility of, to genital anaerobic bacteria, I. Antimicrobial therapy of postpartum endomyometritis (Sorrell, Marshall, and Chow), 242
- prophylaxis, selection of patients for, in cesarean sections (Harger and English), 752
- Antibodies, *Chlamydia trachomatis*, prevalence of, in cord blood (San Joaquin, Rettig, and Marks), 101 (Comm. in brief)

*September 1, 1-114; September 15, 115-236; October 1, 237-358; October 15, 359-478; November 1, 479-598; November 15, 599-728; December 1, 729-852; December 15, 853-1096.

Antibodies—Cont'd

- sperm-agglutinating, postcoital tests and, in men (Friberg), 76
- Antigens, influenza A, cord blood lymphocyte in vitro responses to, after epidemic of influenza A/Port Chalmers/73 (H₃N₂) (Ruben and Thompson), 443

major histocompatibility complex, maternal and paternal immune responses, and chronic habitual abortions in humans (Beer et al.), 987

- Antimicrobial therapy of postpartum endomyometritis. I. Comparative susceptibility of mezlocillin and other antibiotics to genital anaerobic bacteria (Sorrell, Marshall, and Chow), 242

II. Prospective, randomized trial of mezlocillin versus ampicillin (Sorrell et al.), 246

- Appendiceal perforation by Copper-7 intrauterine contraceptive device (Carson, Gatlin, and Mazur), 586 (Comm. in brief)

Arginine, insulin hypoglycemia and, prolactin responses to: Validity of hypothalamic-pituitary testing in hyperprolactinemia (Archer et al.), 556

- Arrhythmias, fetal cardiac, role of echocardiography in (Hawrylyshyn et al.), 223 (Comm. in brief)

Arteriopathy, decidual, in hypertension and diabetes in pregnancy: Immunofluorescent studies (Kitzmilller, Watt, and Driscoll), 773

- Ascites, malignant, associated with advanced gynecologic neoplastic disease (Stratton and DiSaia), 843 (Comm. in brief)

Atrial hemangioma and hydrops fetalis (Platt et al.), 107 (Comm. in brief)

- Autonomic control of pelvic circulation: In vivo and in vitro studies in pregnant and nonpregnant sheep (Assali et al.), 873

Azastene, antifertility effect of, mediated by prostaglandin (Helvacoglu, Auletta, and Scommegna), 138

B

- Bacteria, genital anaerobic, comparative susceptibility of mezlocillin and other antibiotics to, I. Antimicrobial therapy of postpartum endomyometritis (Sorrell, Marshall, and Chow), 242

Band syndrome, amniotic, associated with amniocentesis (Moessinger et al.), 588 (Comm. in brief)

- Base, acid, serum electrolytes, and glucose homeostasis, effects of terbutaline on, during management of preterm labor (Cotton et al.), 617

Beat-to-beat fetal heart rate variability, evaluation of: New modality in nonstress testing (Lauersen et al.), 521

- Bed, pelvic vascular, responses of, to intra-arterial stimulation of beta-adrenergic and cholinergic receptors in pregnant and nonpregnant sheep (Erkkola et al.), 599

Betamethasone, long-term effects of, on fetal development (Johnson et al.), 1053

- Binding, estradiol and progesterone, in human term placental cytosol (Younes, Besch, and Besch), 170

studies, monocyte insulin, in normal and diabetic pregnancies (Gratacos et al.), 611

testosterone, steroid secretion and, in women with ovarian hilus cell tumor and thyrotoxicosis (Sutton, Lyles, and Wiebe), 535

- Biochemical and biophysical parameters, outcome of pregnancy, and fetal movement (Harper et al.), 39

Biophysical parameters, biochemical and, outcome of pregnancy, and fetal movement (Harper et al.), 39

- Biparietal diameter, ultrasound femur length and, comparison of, in late pregnancy (Hohler and Quetel), 759

Bladder perforation owing to unipolar coagulating device (Pakter and Budnick), 227 (Comm. in brief)

- Blood cells, red, plasma, myometrium, and endometrium of pregnant human subjects, enzymes for epinephrine synthesis and metabolism in (Hobel et al.), 1009

coagulation, menopausal status associated with increased inhibition of (Notelovitz et al.), 149

- cord, prevalence of *Chlamydia trachomatis* antibodies in (San Joaquin, Rettig, and Marks), 101 (Comm. in brief)

flow, ovine uterine, response of, to angiotensin II: Effect on fetus (Bruce et al.), 495

uteroplacental, indirect method of assessing: Placental clearance rate of maternal plasma androstenedione through placental estradiol formation (Edman et al.), 1029

- lymphocyte in vitro responses, cord, to influenza A antigens after epidemic of influenza A/Port Chalmers/73 (H₃N₂) (Ruben and Thompson), 443

Blood—Cont'd

pressure, maternal, and fetal growth (Naeye), 780

rise of, in calcium-deprived pregnant rats (Belizán et al.), 163

vessels, endometrial, effects of progesterone-releasing intrauterine contraceptive device on: Morphometric study (Shaw et al.), 821

- Books received, 235, 477, 597

Boric acid powder, treatment of vulvovaginal candidiasis with (Van Slyke, Michel, and Rein), 145

- Breast and female genital system, cancers of: Search for recessive genetic factors through analysis of human isolate (Simpson et al.), 629

Breathing movements, electrocortical activity and, of fetal sheep, effect of 5-hydroxytryptophan on (Quilligan et al.), 271

real-time ultrasound observation of, in fetal lamb (Wittmann et al.), 807

- Brenner tumors, proliferative and malignant (Woodruff et al.), 118

Bupivacaine and chloroprocaine, effects of, as local anesthetics for epidural anesthesia on fetal heart rate monitoring parameters (Lavin et al.), 717

C

C-peptide levels, amniotic fluid, in pregnant diabetic women, prenatal assessment of fetal outcome by (Lin et al.), 671

Calcium-deprived pregnant rats, rise of blood pressure in (Belizán et al.), 163

- Cancer(s) of breast and female genital system: Search for recessive genetic factors through analysis of human isolate (Simpson et al.), 629

endometrial, gynecologic disorders, and other illnesses, comparison of estrogen use by women with (Stavraky et al.), 547

prognostic significance of peritoneal cytology in patients with, and preliminary data concerning therapy with intraperitoneal radiopharmaceuticals (Creasman et al.), 921

gynecologic, cis-platinum in. I. Epithelial ovarian cancer (Hall, Diasio, and Goplerud), 299

II. Squamous cell carcinoma of cervix (Hall, Diasio, and Goplerud), 309

III. Toxicity (Hall, Diasio, and Goplerud), 309

- Candidiasis, vulvovaginal, treatment of, with boric acid powder (Van Slyke, Michel, and Rein), 145

Carbon dioxide laser management of cervical intraepithelial neoplasia (Bellina et al.), 828

surgery in treatment of condyloma (Hahn), 1000

- Carcinoma, advanced ovarian epithelial, chemotherapy of, with melphalan and levamisole: Pilot study of Gynecologic Oncology Group (Kemmann et al.), 58

squamous cell, of cervix, II. cis-Platinum in gynecologic cancer (Hall, Diasio, and Goplerud), 309

vulvovaginal, pelvic exenteration for (Phillips, Buchsbaum, and Lifshitz), 1038

- Carcinomatous, normal, and hyperplastic endometria, cytoplasmic progesterone and estradiol receptors in: Therapeutic implications (Ehrlich, Young, and Cleary), 539

Cardiac arrhythmias, fetal, role of echocardiography in (Hawrylyshyn et al.), 223 (Comm. in brief)

response, fetal, to acetylcholine, effect of hypoxemia and acidemia on: Experimental observations in fetal baboons (Yeh et al.), 682

- Catabolism, synthesis and, of progesterone in placentas from normotensive and severely hypertensive patients before and after parturition (Diaz-Zagoya and Arias), 637

Catecholamines and metabolites, amniotic fluid, in intrauterine growth retardation (Divers et al.), 608

maternal smoking and elevation of, in amniotic fluid (Divers et al.), 625

- Cefamandole nafate intrauterine irrigation during cesarean section, febrile morbidity following (Rudd, Long, and Dillon), 12

Cell(s) carcinoma, squamous, of cervix, II. cis-Platinum in gynecologic cancer (Hall, Diasio, and Goplerud), 309

cycles, prolonged, in 45,X; 46,X,del(X)(p11); 46,X,del(X)(q13); and 46,X,del(X)(q22) fibroblasts, gonadal and statural determinants on X chromosome and their relationship to in vitro studies showing (Simpson and Lebeau), 930

disease, sickle, isovolumetric partial exchange transfusion in management of, in pregnancy (Nagey, Garcia, and Welt), 403

red blood, plasma, myometrium, and endometrium of pregnant human subjects, enzymes for epinephrine synthesis and metabolism in (Hobel et al.), 1009

Cell(s)—Cont'd

- tumor(s), mixed germ, of ovary, endodermal sinus tumors and, alpha fetoprotein determinations in management of (Romero and Schwartz), 126
- ovarian hilus, and thyrotoxicosis, steroid secretion and testosterone binding in woman with (Sutton, Lyles, and Wiebe), 535
- Cellular immunity, deficient, in endometriosis (Dmowski, Steele, and Baker), 377
- Cephalic version, external, with tocolysis, randomized control trial of, in late pregnancy (Van Dorsten, Schiffrin, and Wallace), 417
- Cervical dysplasias, prevention of, retinoids and (Romney et al.), 890
- intraepithelial neoplasia, carbon dioxide laser management of (Bellina et al.), 828
- ripening with laminaria, intrauterine fetal death during (Agress and Benedetti), 587 (Comm. in brief)
- Cervix, squamous cell carcinoma of. II. cis-Platinum in gynecologic cancer (Hall, Diasio, and Goplerud), 309
- Cesarean section(s), febrile morbidity following cefamandole nafate intrauterine irrigation during (Rudd, Long, and Dillon), 12
- selection of patients for antibiotic prophylaxis in (Harger and English), 752
- Chair, new delivery, developed and tested at Kongsberg Hospital: Alternative delivery position (Haukeland), 115 (Clinical opinion)
- Chemotherapy of advanced ovarian epithelial carcinoma with melphalan and levamisole: Pilot study of Gynecologic Oncology Group (Kemmann et al.), 58
- current status of therapeutic modalities for treatment of gynecologic malignancies with emphasis on (Willson et al.), 81 (Current developments)
- Chlamydia trachomatis* antibodies, prevalence of, in cord blood (San Joaquin, Rettig, and Marks), 101 (Comm. in brief)
- Chloride, urea, and sodium, transfer of, across perfused human placenta (Dancis et al.), 677
- Chloroprocaine, bupivacaine and, effects of, as local anesthetics for epidural anesthesia on fetal heart rate monitoring parameters (Lavin et al.), 717
- Cholestasis of pregnancy, short-term variability of fetal heart rate in (Ammäla and Kariniemi), 217
- Cholinergic receptors, beta-adrenergic and, responses of pelvic vascular bed to intra-arterial stimulation of, in pregnant and nonpregnant sheep (Erkkola et al.), 5
- Chorioadenoma destruens, dissociation of, from hydatidiform mole by urinary steroid analysis (Kodama, Kodama, and Totani), 288
- Chorionic gonadotropin α -subunit, human, in pregnancy (Benveniste and Scammegna), 952
- Chromosome analysis of ectopic human conceptuses (Elias et al.), 698
- X, gonadal and statural determinants on, and their relationship to in vitro studies showing prolonged cell cycles in 45,X; 46,X,del(X)(p11); 46,X,del(X)(q13); and 46,X,del(X)(q22) fibroblasts (Simpson and Lebeau), 930
- Circulation, pelvic, autonomic control of: In vivo and in vitro studies in pregnant and nonpregnant sheep (Assali et al.), 873
- Clearance rate, placental, of maternal plasma androstenedione through placental estradiol formation: Indirect method of assessing uteroplacental blood flow (Edman et al.), 1029
- Clinical factors, probability of fetal metabolic acidosis during labor in population at risk as determined by (Low et al.), 941
- opinion, 1-4, 115-117, 359-361, 729-734
- Coagulating device, unipolar, bladder perforation owing to (Pakter and Budnick), 227 (Comm. in brief)
- Coagulation, blood, menopausal status associated with increased inhibition of (Notelovitz et al.), 149
- disseminated intravascular, amniotic fluid embolism and, death from, after curettage abortion (Cates et al.), 346
- factors in women using oral contraceptives or intrauterine contraceptive devices immediately after abortion (Lähteenmäki et al.), 175
- low-dose oral contraceptive usage and (Notelovitz et al.), 71
- Colonization, group B streptococcal, of mothers, premature rupture of membranes, and preterm delivery (Regan, Chao, and James), 184
- Colorado, review of perinatal mortality in, 1971 to 1978, and its relationship to regionalization of perinatal services (Bowes), 1045
- Communications in brief, 99-109, 221-229, 344-353, 464-471, 581-591, 838-845

- Complex antigens, major histocompatibility, maternal and paternal immune responses, and chronic habitual abortions in humans (Beer et al.), 987
- Complicated pregnancies, normal and, ultrasonic assessment of fetal kidney function in (Kurjak et al.), 266
- pregnancies, some other, normal, preeclamptic, and, amniotic fluid prostacyclin and thromboxane in (Vliokkala, Mäkilä, and Viinikka), 487
- Concentrations of prolactin and cortisol in maternal plasma, effect of general and peridural anesthesia on (Ho Yuen et al.), 483
- Conceptuses, ectopic human, chromosome analysis of (Elias et al.), 698
- Condyloma, carbon dioxide laser surgery in treatment of (Hahn), 1000
- Congenital torticollis, fetal head deformation and, associated with uterine tumor (Romero et al.), 839 (Comm. in brief)
- toxoplasmosis: Prevention or palliation (Frenkel), 359 (Clinical opinion)
- Contraceptive(s) device, Copper-7 intrauterine, appendiceal perforation by (Carson, Gatlin, and Mazur), 586 (Comm. in brief)
- progesterone-releasing intrauterine, effects of, on endometrial blood vessels: Morphometric study (Shaw et al.), 821
- oral, or intrauterine contraceptive devices, coagulation factors in women using, immediately after abortion (Lähteenmäki et al.), 175
- transposition of great vessels in infant exposed to massive doses of (Redline and Abramowsky), 468 (Comm. in brief)
- usage, low-dose, and coagulation (Notelovitz et al.), 71
- Contractility of human fallopian tube, copper and (Lindblom and Hamberger), 398
- Copper and contractility of human fallopian tube (Lindblom and Hamberger), 398
- 7 intrauterine contraceptive device, appendiceal perforation by (Carson, Gatlin, and Mazur), 586 (Comm. in brief)
- Cord blood lymphocyte in vitro responses to influenza A antigens after epidemic of influenza A/Port Chalmers/73 (H₂N₂) (Ruben and Thompson), 443
- prevalence of *Chlamydia trachomatis* antibodies in (San Joaquin, Rettig, and Marks), 101 (Comm. in brief)
- compromise, fetal, secondary to umbilical cord hematoma with nonstress test (Dillon and O'Leary), 102 (Comm. in brief)
- Correspondence, 110-113, 230-234, 354-356, 472-476, 592-596, 846-850
- Corticosteroids, prospective randomized study of, in management of premature rupture of membranes and premature gestation (Garite et al.), 508
- Cortisol, prolactin and, in maternal plasma, effect of general and peridural anesthesia on concentrations of (Ho Yuen et al.), 483
- Curettage abortion, death from amniotic fluid embolism and disseminated intravascular coagulation after (Cates et al.), 346
- Current developments, 81-98, 319-343, 453-463, 567-580
- investigation, 833-837

- fetal femur length, growth of, during normal pregnancy (O'Brien and Queenan), 833 (Current investigation)
- observation, real-time, of breathing and movements in fetal lamb (Wittmann et al.), 807
- records, quality of: Numerical analysis of human fetal heart rate (Dawes et al.), 43
- Umbilical cord hematoma, detection of fetal cord compromise secondary to, with nonstress test (Dillon and O'Leary), 102 (Comm. in brief)
- vein(s), fetal, dilation of, in rhesus hemolytic anemia: Predictor of severe disease (DeVore et al.), 464 (Comm. in brief)
- and inferior vena cavae of fetal sheep, selective distribution of microspheres injected into (Reuss, Rudolph, and Heymann), 427
- Unipolar coagulating device, bladder perforation owing to (Pakter and Budnick), 227 (Comm. in brief)
- United States, 1972 to 1978, fatal amniotic fluid embolism during legally induced abortion (Guidotti, Grimes, and Cates), 257
- Unscarred uterus, spontaneous rupture of, at 19 weeks' gestation (DeWane and McCubbin), 222 (Comm. in brief)
- Urea, sodium, and chloride, transfer of, across perfused human placenta (Dancis et al.), 677
- Urethral pressure profile, relationship between hormonal changes during menstrual cycle and: Urodynamic studies in normal menstrual cycle (Van Geelen et al.), 384
- Urinary estrogens in postterm pregnancy (Khouzami et al.), 205
- steroid analysis, dissociation of chorioadenoma destruens from hydatidiform mole by (Kodama, Kodama, and Totani), 288
- tract, human female lower, estrogen receptors in (Iosif et al.), 817
- Urodynamic studies in normal menstrual cycle: Relationship between hormonal changes during menstrual cycle and urethral pressure profile (Van Geelen et al.), 384
- Uterine blood flow, ovine, response of, to angiotensin II: Effect on fetus (Bruce et al.), 495
- septum, hysteroscopic resection of (Chervenak and Neuwirth), 351 (Comm. in brief)
- tube, adenocarcinoma of: Potential for lymph node metastases (Tamimi and Figge), 132
- tumor, fetal head deformation and congenital torticollis associated with (Romero et al.), 839 (Comm. in brief)
- Uteroplacental blood flow, indirect method of assessing: Placental clearance rate of maternal plasma androstenedione through placental estradiol formation (Edman et al.), 1029
- Uterus, acute puerperal inversion of (Platt and Druzin), 187
- pregnant human, torsion of, without symptoms (Nielsen), 838 (Comm. in brief)
- unscarred, spontaneous rupture of, at 19 weeks' gestation (DeWane and McCubbin), 222 (Comm. in brief)

V

- Vagina, fixation of, on sacrospinal ligament by vaginal route (vaginaefixatio sacrospinalis vaginalis), long-term results following (Richter and Albrich), 811
- Vaginaefixatio sacrospinalis vaginalis (fixation of vagina on sacrospinal ligament by vaginal route), long-term results following (Richter and Albrich), 811
- Vaginal delivery, term, true hermaphroditism with, and review (Williamson, Phansey, and Mathur), 262
- malformations (Evans, Poland, and Boving), 910
- route (vaginaefixatio sacrospinalis vaginalis), fixation of vagina on sacrospinal ligament by, long-term results following (Richter and Albrich), 811
- suppository, lipid-based prostaglandin E₂, simpler approach to labor induction using (MacKenzie, Bradley, and Embrey), 158
- Valve prolapse, mitral, and pregnancy (Rayburn and Fontana), 9
- Variability, beat-to-beat fetal heart rate, evaluation of: New modality in nonstress testing (Lauersen et al.), 521
- short-term, of fetal heart rate in cholestasis of pregnancy (Ämmälä and Kariniemi), 217
- Variable decelerations on nonstress test of monoamniotic twins (Barrett, Salyer, and Boehm), 583 (Comm. in brief)
- Vascular bed, pelvic, responses of, to intra-arterial stimulation of beta-adrenergic and cholinergic receptors in pregnant and nonpregnant sheep (Erkkola et al.), 599
- Vein(s), fetal umbilical, dilation of, in rhesus hemolytic anemia: Predictor of severe disease (DeVore et al.), 464 (Comm. in brief)
- umbilical, and inferior vena cavae of fetal sheep, selective distribution of microspheres injected into (Reuss, Rudolph, and Heymann), 427
- Vena cavae, inferior, umbilical veins and, of fetal sheep, selective distribution of microspheres injected into (Reuss, Rudolph, and Heymann), 427
- Ventricles, right and left, fetal pre-ejection period and ventricular ejection time of, new technique for accurate and rapid quantitation of: Real-time-directed M-mode echocardiography (DeVore et al.), 479 (Comm. in brief)
- Ventricular ejection time, fetal pre-ejection period and, of right and left ventricles, new technique for accurate and rapid quantitation of: Real-time-directed M-mode echocardiography (DeVore et al.), 479 (Comm. in brief)
- Ventriculoperitoneal shunts, pregnancy in patients with: Report of two cases (Howard and Herrick), 99 (Comm. in brief)
- Version, external cephalic, with tocolysis, randomized control trial of, in late pregnancy (Van Dorsten, Schiffrin, and Wallace), 417
- Vessels, endometrial blood, effects of progesterone-releasing intra-uterine contraceptive device on: Morphometric study (Shaw et al.), 821
- great, transposition of, in infant exposed to massive doses of oral contraceptives (Redline and Abramowsky), 468 (Comm. in brief)
- Virus infection, genital herpes simplex, occurring during pregnancy, management of (Boehm et al.), 735
- Vitamin transfer, maternal-fetal, role of placenta in, in humans (Baker et al.), 792
- Vulvovaginal candidiasis, treatment of, with boric acid powder (Van Slyke, Michel, and Rein), 145
- carcinoma, pelvic exenteration for (Phillips, Buchsbaum, and Lifshitz), 1038

X

- X chromosome, gonadal and statural determinants on, and their relationship to in vitro studies showing prolonged cell cycles in 45,X; 46,X,del(X)(p11); 46,X,del(X)(q13); and 46,X,del(X)(q22) fibroblasts (Simpson and Lebeau), 930
